

BROOKTRAILS CERT
in cooperation with
**MENDOCINO COUNTY OFFICE OF EMERGENCY
SERVICES**
and
NORTH COAST OPPORTUNITIES (NCO)
presents
**COMMUNITY EMERGENCY
RESPONSE TEAM (CERT) Training**

The Community Emergency Response Team (CERT) program was developed in California in the mid-80s as a way to train people to better prepare for emergency situations in their communities. Since then, it has become a national model for helping people respond to emergencies. When emergencies happen, CERT members can give critical support to first responders, provide immediate assistance to victims, and organize spontaneous volunteers at a disaster site. CERT members can also help with non-emergency projects that improve the safety of the community.

CERT training classes include disaster preparedness, disaster fire suppression, basic disaster medical operations, and light search and rescue operations. Those who complete the class are sworn in as Disaster Service Workers (DSW) on March 6th.
